

Quarterly report

Q2 2026 - Atlantic Ceramics, Lda.

Summary

Revenue grew 24% over the previous quarter, driven by the new glazed tile range and by the opening of two distribution partners in the north. Margins held steady despite higher energy costs, and the backlog at the end of June covers eleven weeks of production.

Revenue by quarter (EUR million)

Highlights

- Glazed range: 31% of sales in its second quarter on the market.
- Export share up from 38% to 44%, mostly Spain and France.
- Kiln 3 retrofit finished on time; gas use per m2 down 9%.
- Two new partners in Braga and Viseu signed in May.

Sales by product line

Square metres sold and revenue in the quarter, compared with Q1 2026.

Product line	m2 sold	EUR million	vs Q1
Wall tiles	412,300	0.96	+12%
Floor tiles	538,900	1.07	+18%
Glazed range	301,200	0.74	+64%
Outdoor	122,700	0.31	+6%
Custom orders	48,100	0.22	+41%
Total	1,423,200	3.30	+24%

Outlook

The third quarter is usually slower because of the August shutdown. Orders already booked point to revenue between 2.1 and 2.3 million euros. The board approved the second phase of the kiln programme, to start in October.
